Member of  **MEDICAlliance**

### General information

#### Established

2016

#### Organiser

Messe Düsseldorf (Shanghai)  
Co., Ltd. China Service Alliance  
of Medical Devices Innovation  
(CSAMDI)

#### Venue

Suzhou International Expo  
Centre, Suzhou, China

#### Project management

Rebecca Qiang

#### Contact

Rebecca Qiang  
rebecca.qiang@mds.cn  
Phone: +86 10 65907 101

#### Staging cycle

Annual

### Visitor target groups

- Hospitals and medical institutions
- Medical device dealers, agents and retail traders
- Universities and research institutions
- Medical device R&D institutions and manufacturers
- Purchasers and suppliers of medical equipment raw materials, components, accessories and software products
- Investment companies
- Government agencies and associations

### Main product categories

- Medical digital imaging products
- Optical and electronic products
- In vitro diagnostic products
- Minimally invasive instruments, implantable and interventional medical devices
- Operating room equipment
- Laboratory equipment
- Medical consumables
- First aid and care products
- Rehabilitation devices and equipment
- Home medical equipment
- Smart medical products
- Medical equipment raw materials, components, accessories and software products
- Other medical related products or services

## Statistics 2019

### Total exhibitors

**302**

Domestic **285**

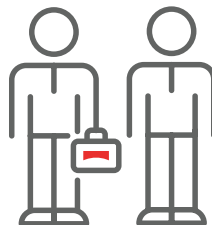

Foreign **17**

Countries **9**

### Total visitors

**6,989**

### Total net exhibition area (m<sup>2</sup>)

**4,563**

When reading the figures for the different years, please note that all MEDICAlliance events firstly take place in different rotations and secondly have been partially replaced by digital formats due to the COVID-19 pandemic.

# Economic data for People's Republic of China

## Future prospects for "Medical Technology"

In China, the economy is recovering faster than expected and is gradually moving into a new post-corona reality. After around 20 percent growth last year, the country is continuing to catch up with the USA, the world's largest medical technology market. The demand for medical technology in China remains huge and ranges from high-end magnetic resonance devices and prostheses to surgical instruments and therapeutic devices. Investments are being made in modernising hospitals, e-health and geriatric care, but also in expanding preventive care. The hitherto good market position of foreign medical technology manufacturers is gradually coming under pressure, as China wants to reduce its hitherto high dependence on imports.
